## **DETAILED ACTION**

### ***Response to Amendment***

This Office action is in response to Applicant's communication filed May 3, 2006 in response to the Office action dated February 28, 2005. Claims 1, 3, 4, 7, 8, 10, 11, 14, 15, 17, 18, and 21 have been amended. Claims 2, 9, and 16 have been cancelled. Claims 1, 3-8, 10-15, and 17-21 are pending in this application.

### ***Allowable Subject Matter***

**Claims 1, 3-8, 10-15, and 17-21** are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record fails to disclose the combination including the limitations of:

(**Claim 1**) "...determining if the reload is due to false sharing of the cache line based on the values of the processor access flag bits for each portion of the cache line."

(**Claim 8**) "...fifth instructions for determining if the reload is due to false sharing of the cache line based on the values of the processor access flag bits for each portion of the cache line."

(**Claim 15**) "...means for determining if the reload is due to false sharing of the cache line based on the values of the processor access flag bits for each portion of the cache line."

As dependent **claims 3-7, 10-14, and 17-21** depend from an allowable base claim; they are at least allowable for the same reasons as noted above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
